

Ask Your Pension Fund

Why?

It's hard to know what to do and how to help Palestinians in Gaza and the West Bank. Focus on **one action** with us → *Are you a member of a pension scheme?* Then you have the right to ask the people who invest your money how they are **managing risk**.

You are asking whether the board is **assessing the legal risks** of doing business with occupying states that courts and regulators now take seriously. Assessing that risk is the board's job, and asking about it is your right. We want to help you take the steps to do so.
